<p>In Turkey, like in many other countries (China, India, Argentina, Italy and s.o.) was made many fakes. Placing wrappers is therefore difficult. I attach file with boxes, hope that this can help in some cases.</p>	<p>Mark imitation example:</p> 	<p>Graphic imitations example:</p> 
<p>Country of origin imitation example:</p>	<p>This isn't of course an Gillette England product</p>	<p>used was graphic from Astor (Greece)</p>
	<p>blade from this wrapper:</p> 	<p>TÜRK MALI is abbreviated to T.M. (like Trade Mark), but using them in strange places can help. Using typical Turkish big letter İ (for example ANİTA, ASORTİ), can help us, too</p>
