AMERICA SWEDEN 01

Made in U.S.A.

In the Spring of 1638 the first Swedish Ship, "The Kalmar Nyckel," arrived at the mouth of the Delaware and after a brief delay sailed up the river as far as the present city of Wilmington. There, on a natural stone pier, known as "The Rocks," which still marks the spot, the first Swedish Colonists were landed.

Since that day Swedish Iron, Steel and other commodities have steadily crossed the ocean to pay for American wheat, metals and automobiles sent overseas to make life fuller for the people of Sweden.
